

Farmers Safe Decisions Program – Letter of Agreement

A Farmers Insurance agent has selected your school for a special program themed around “Safe Decisions” to highlight critical teen safety issues. The program will take place during the 2020-21 academic year.

All details of the program are included in the attached “Safe Decisions” presentation (BLUE BUTTON BELOW), including all details regarding what your school receives along with the expectations of your school.

- For your school, the agent has chosen to outfit the Basketball teams.

DistrictWON’s goal is to make this as much of a turnkey event as possible for your school. In that respect, we provide everything to your school as delineated in the presentation.

For every aspect of this program, including all creative aspects and content, your school retains all approval rights.

This is intended to be an impactful (and fun!) event for the entire school community. In that spirit, we agree to work cooperatively to make it a great success!
